

APS received 212 contest entries this year. 20 of the 22 contests had enough entries to submit for judging. Contests 5 and 18 did not have 5 or more entries so the prize money was refunded. The winners for Contest 2 Spoken Word Contest was determined by the audience present at the award ceremony May 19, 2018 and winners can be added by hand so a complete list is available. The first place winners will again be published in the next anthology.
